

The MOUNTAIN EAGLE

IT SCREAMS! Whitesburg, Letcher County, Kentucky, Thursday, October 26, 1967 Vol. 60, No. 24

FLYING MACHINES--The newly completed hangar at Whitesburg Municipal Airport will house as many as 15 small planes, and some are already being stored there. Dedication ceremonies for the entire airport are scheduled Sunday afternoon. The hangar, which cost \$23,000, was financed partly by local contributions and partly by a loan from the Kentucky Industrial Finance Authority.

Airport dedication ceremony Sunday

Whitesburg Municipal Airport -- Eastern Kentucky's "Airport in the Sky" -- will be formally dedicated this Sunday at 2 p.m.

Philip L. Swift, commissioner of Kentucky's Department of Aeronautics, will be the featured guest speaker at the dedication ceremonies. Other speakers will include Letcher County Judge James M. Caudill and Whitesburg Mayor Ferdinand Moore.

Don Crothwaite will serve as master of ceremonies. Whitesburg Jaycees will provide soft drinks, sandwiches and hot dogs.

At an elevation of 2000 feet, the airport is the highest in Kentucky. One of its major attractions for private pilots is that it is frequently open when other Eastern Kentucky airports are closed by low clouds and ground fog.

In preparation for the dedication ceremonies, workmen under the direction of Joe Romeo are putting the finishing touches on the airport's brand-new 8000-square-foot steel hangar, which is big enough to house up to fifteen small planes. The hangar will provide year-round all-weather protection. It has a concrete floor and large plastic skylight panels which provide ideal illumination for indoor maintenance work.

New additions to the airport will soon include a lounge, rest rooms and telephone facilities. Fuel pumps and fuel storage tanks have been installed in recent weeks.

The airport is equipped with a Federal Aviation Agency-operated VORTAC facility which transmits a radio beacon to aircraft flying over the area, providing information on direction and distance from the landing field. It also provides communication with area Air Traffic Control.

The VORTAC installation, which represents an expenditure of approximately \$250,000, makes it possible for a pilot to navigate in poor weather conditions by knowing his direction and distance from Whitesburg, and by following Air Traffic Control directions

he can maintain proper separation from other planes in the area.

The asphalt-paved runway is 2550 feet long, and because of the unique mountaintop location of the airport, the runway is free of obstructions at both ends.

Completion of the new hangar facilities makes the Whitesburg Municipal Airport by all odds the best landing field of its kind in Eastern Kentucky. It represents a major milestone in opening up the region for economic development.

In addition, the airport provides quick access to drugs, hospitals, and specialists in emergencies; can be used when other transportation routes are closed during Eastern Kentucky's frequent floods; is valuable for forest fire control and powerline inspection; promises additional business for the area from air tourists and transient pilots; and offers the likelihood of future employment for mechanics, flight instructors, pilots, concession operators, and others.

Last but not least, the new airport is certainly the most scenic in Eastern Kentucky. It has a dramatic mountain view in all directions, and is already becoming an informal recreational area for Letcher Countians.

But the importance of the new airport is in the area of overall economic development for Letcher County and Eastern Kentucky. Today and in years to come, airports will be as important to small towns and isolated areas as the railroad station was half a century ago. Coal buyers will have greater access to the producers, and businessmen contemplating construction sites can fly in for first-hand inspections. Even though Whitesburg's field is not designed for commercial flights, the day is probably not far off when an air-taxi service will operate from its runway, serving the area both for passengers and for fast freight.

Bouncing off a defeat last week, the Whitesburg Yellowjackets won their final game of the season with an easy 35-6 romp over the Elkhorn City Cougars.

It was the homecoming game for Whitesburg and senior candidate Margaret Hammonds was elected queen.

Before last week's Prestonsburg game, a memorial service was held for Danny Carl Collins, ex-captain of the Yellow jackets and a 1967 graduate of Whitesburg High School. A plaque from the student body was presented to his parents, Mr. and Mrs. Carl Collins. His jersey, number 80, was placed in the trophy case at the Whitesburg gymnasium.

Mike Hart scored the first touchdown on a 1-yard run plunge. Jack Cox scored the extra point. Cox scored the next three TD's on runs of one and two yards and a 38 yard pass reception. Cox, Joe Hunsucker, and David Wright scored extra points. Elkhorn City scored on the final play of the first half. Whitesburg had its substitutes in when quarterback Barry Ratliff hit Ray Powell with a 68-yard scoring strike. The score at the end of the first half was (Continued on Page 30)

Cooper to speak

United States Senator John Sherman Cooper and Thomas Ratliff, the Republican nominee for lieutenant governor, will speak at 10 a. m. Saturday at the courthouse in Whitesburg in behalf of the Republican ticket for state offices.

Democrats set rally

The Letcher County Democratic Campaign Committee will sponsor a rally and dance at 7:30 p. m. Saturday in the American Legion Building on Pine Mountain. James Sutherland will speak. Admission is free.

A note about this issue . . .

This edition is perhaps the most unusual Mountain Eagle ever published. It is not just another edition of the paper--instead, it is an expression of thanks from the citizens of Whitesburg and Letcher County to the several men of the community who have given more than eight years of time and countless gallons of sweat to the construction of the Whitesburg Municipal Airport.

The paper, despite its record 32 pages and 3500 copies, is largely a spur-of-the-moment thing that started Monday when Martin Dawahare, a member of the airport board, told us of the difficulties the group was having in its attempt to find funds to install restroom facilities at the airport. Dawahare asked if we would be willing to help find the funds, and we agreed to work up a special airport dedication issue, with advertising revenues to go toward construction of the restroom.

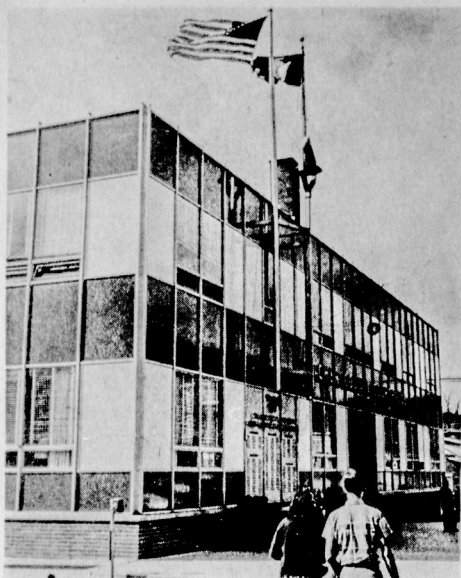

Dawahare, Roy Crawford, Art Pender and Sam Collins took on the job of selling advertising and to our total astonishment, and theirs, they had sold nearly \$1,200 in advertising by noon Wednesday. The

LETCHER COUNTY COURTHOUSE and LIBRARY

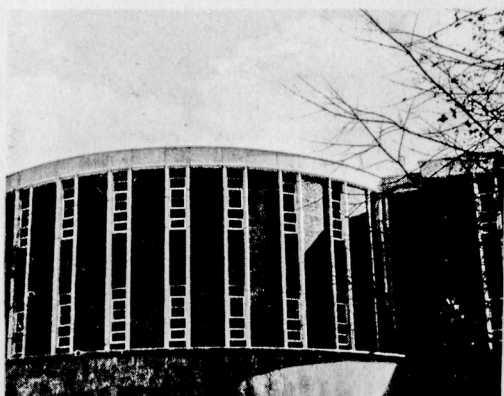

These pages do not pretend to be anything near a complete inventory of the construction and community development that has taken place in and near Whitesburg since the new airport project began eight years ago. But they are indicative that things are happening here, more things than some of us take time to total up. The problems which have faced Letcher County in the sixties--unemployment, lack of opportunity--are not yet solved. These pictures portray some of the efforts to upgrade community facilities. The public buildings on this page all were built with substantial state or federal aid, or both. We are indebted to Tom Bethell, who volunteered time and effort to produce the pictures on these pages.

new restroom thus became assured. What became apparent during it all was that Whitesburg was extremely grateful to Crawford and the others who have worked so long and hard on the project, and welcomed this special edition as a means of saying "thank you." It was equally apparent that about the only limit on this expression of thanks was one of time. Had they had a couple of weeks more to contact firms and individuals, this well could have been a 100-page edition of The Mountain Eagle.

We would like to add our own expression of thanks. We don't think it is possible to overestimate the amount of time and worry and energy and hard, back-breaking work that has gone into the project. A great deal of that work has been volunteer. At one time work went on 24 hours around the clock as grading and filling progressed against a winter deadline.

The amount of time and effort we have put into this issue of the paper is as nothing when compared to the contributions in time and labor by Crawford, Dawahare, Collins, Pender, James Frazier, Joe Romeo, Paul Vermillion and a long list of others. The airport has been a spectacularly successful community development endeavor, one that already pays benefits each time a coal company is able to fly in parts for a broken machine and thus avoid missing a day's payroll, and one that will continue to pay enormous dividends in the years ahead.

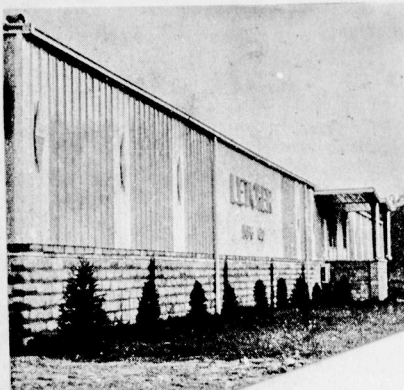

And so, for everyone in the community, we say: Thanks.

Incidentally, our two-person staff could never have produced a 32-page paper in so short a time without the generous help of a large group of volunteers. Our personal thanks go to Appalachian Volunteers Tom Bethell, Mike Shields and Gene Brown; to Susanne Crowell, Jimmy Brown, James D. Collins, Martin Dawahare, Roy Crawford, Sam Collins and Art Pender for their help in getting advertising, typing, making pictures, running errands and inserting papers.

A low-water dam now under construction in East Whitesburg on the Kentucky River will provide Whitesburg's water supply. In addition, there's a new water treatment plant and some additions to the city sewer system, all built within the past five years.

These new businesses are among those established here since 1959.

JENKINS REBOUNDS FROM POUND LOSS TO DEFEAT LESLIE COUNTY

By: CHARLES DIXON
Jenkins after a poor offensive showing against Pound defeated the Leslie County "Eagles" 48-26. This was a non-conference clash that did not count in the district standings.
On offense the big men for Jenkins were Frank Gales and Jimmy Bentley.

Bentley: Bentley, who has been showing good potential at the half-back slot, ran the ball 17 times for 191 yards. This averages out to 11.3 yards per carry. Also, Jimmy caught two passes for 65 yards. One of these passes went for a 50-yard touchdown. Frank Gales went over the 100 mark

for the first time this year in gaining 116 yards for a 8.3 yards per carry.

Shannon Gallion, a hard running freshman, carried the ball seven times for a minus seven yards. Bellomy threw 12 passes with seven completions for a 58% average, and one touchdown pass.

Larry Bray gained 24 yards in eight carries, and caught one pass for 21 yards. Charles Norwood ran the ball once for five yards, and Page once for a minus eight yards. Page, seeing limited action for Bellomy, threw one pass which was incomplete.

Eddie Elswick did the kicking chores for Mike Sergeant who was injured in the Pound game, and made six out of seven extra points attempted.

The score at half-time was 35-7, in favor of Jenkins, with Jenkins showing a great offensive and defensive ability in the first quarter. In penalties Jenkins had 95 yards marked off against them, while Leslie County had only 15 yards.

Leslie County's offensive punch was by their halfback, whose name we did not obtain. He scored three times, with one yard at 82 yards on a kick off return.

On defense David Toth was the leader again, with 14 tackles. Second in tackles was Jimmy Bentley with 11. Bentley had one pass interception which was run back 45 yards for a touchdown. Eddie Elswick had nine tackles and one pass interception for six yards. Larry Bray, the defensive halfback, had eight tackles and one pass interception for 15 yards.

Roy Wright had 10 tackles and one fumble recovery for his night's work. Kyle Walker, Zack Elkins, Jimmy Cooley, Jimmy Bellomy had five tackles each. Walker had two fumble recoveries along with Elkins. Jimmy Conley picked off another fumble for the "Cavaliers" for a total of 10. There was a total of 80 tackles, three pass interceptions and six fumble recoveries.

Douglas McCarter and Cole Anderson saw some defensive action with three and one tackle,

respectively.
In the fumble department, Bray, Gales, Page and Bellomy lost the ball one time each, and each time Leslie recovered the lost ball.

In the kickoff department Eddie Elswick had four attempts for an average of 30 yards, the longest being 40 yards.

Jenkins had to punt only one time on offense and Elswick got off a 25-yarder.

Jenkins' record now goes at five wins and four losses. The next game for Jenkins will be Saturday evening, Oct. 28, against Pikeville in an important district clash. Jenkins has yet to lose a district encounter.

Funeral held at Ermine for Mrs. Webb

Funeral services for Mrs. Martha Haynes Webb, 70, were held in the Colly Creek Primitive Baptist Church at Ermine on Saturday, Oct. 21.

Mrs. Webb, an invalid for 14 years, died at her Ermine home. Survivors included her husband, Isom B. Webb, whom she married on April 14, 1914, and five sons and six daughters.

The sons were Caleb of Southdown, Wiley of Louisville, James; Clinton of Sherman AFB, Okla.; Carl of Louisville and Van of Louisville.

Surviving daughters included Mrs. Leona Addington, Mrs. Louise Addington, and Mrs. Nannie Lou Pease, all of Ermine; Mrs. Elsie Adams, Cronona; Mrs. Lettie McLarron, of West Palm Beach, Fla., and Mrs. Edna Combs of Louisville.

Also surviving were a brother, Isom Haynes of Woodway, Va., and Mrs. Ida Franklin of Ermine, Ky.

Ministers were Elders W. R. Cooper, Bill Sparks and Jennings Short. Burial was in the family plot of the Adams cemetery at Ermine. Moore and Craft Funeral Home was in charge of arrangements.

Mrs. Fouts dies

Mrs. Bettie Lee Fouts, wife of Riley Fouts, died October 17 at Benham, Ky. She was 64.

Mrs. Fouts, a resident of Part-ridge, was survived by her husband, one son, Shirley Fouts of Lynch, and a daughter, Mrs. Bettine Jones, of Athens, O.

Funeral services were held Oct. 20 in the Owen Fork Regular Baptist church. Ministers were Elders I. D. Back, R. H. Fields, and Chalmers Engle. Burial was in the Maggard cemetery at Partridge. Blair Funeral Home was in charge of arrangements.

Boggs rites held

Funeral services for Jonah Boggs, 83, were held October 15 at the Lower Kings Creek school.

Boggs died October 13 at the Jenkins Clinic.

He was survived by his widow, Mrs. Pearl Ingram Boggs - four sons, Fess Boggs and Glenn Boggs of Columbus, Ind.; Less Boggs, of Cowan, and Venon Boggs of Kings Creek; and four daughters - Mrs. Tommy Back, Mrs. Steven H. Day, and Mrs. Arthur Pendleton, of Columbus, Ind., and Mrs. Isaac Mitchell, of Roxana.

Also surviving were four brothers Fred, Harrison, Sam and Charlie Boggs, of Kings Creek, and two sisters, Tilda Caudill of Smoot Creek and Cora Stamper of Charles-ton, Ind.

Funeral services were conducted by Elders Monroe Caudill, Ellis Banks, and Aaron Dixon. Burial was in the family plot of the Boggs cemetery on Kings Creek. Blair Funeral Home was in charge of arrangements.

PTA to meet

A special meeting of the Whitesburg PTA has been called for Thursday night, November 2, at 7:30 in the Grade School auditorium. Clyde Craft, President, announced the program will be "Organizing a Cub Scout Pack" in this community. Everyone concerned is invited to attend. "Remember these youngsters will be our leaders in the not too distant future," said Mr. Craft.

STATE TO BUILD AERONAUTICS VOCATIONAL SCHOOL AT SOMERSET

Construction of a \$500,000 building for an aeronautics school to serve the entire state of Kentucky is scheduled to get underway at Somerset late this fall, E. P. Hilton, assistant state superintendent of public instruction, recently announced.

Hilton, head of the state's vocational education program, said

the school is scheduled to open in the fall of 1968 with an enrollment of 100 to 150 students under the direction of the Somerset Area Vocational School.

The school will be located near the Somerset-Pulaski County Airport and initially will offer such courses as aircraft mechanics, air frame mechanics, hydraulics,

technical aviation electronics and aircraft instruments.

In the future, Hilton said, the school will provide courses for student pilots and stewardesses.

Hilton said there is an acute and growing shortage of airplane engine mechanics and technicians. Existing training programs,

he said, are not meeting the industry's needs for trained personnel.

He said the new school is unique in a vocational-education program, and indicates that the state is moving as fast as possible toward providing trained personnel for jobs already available.

Over the last three years, twelve Kentucky airports have received a total of \$6,700,000 in federal aid. When matched by state and local funds, according to state aeronautics commissioner Philip Swift, this has permitted more than \$13,000,000 worth of airport improvements within the state. He reports that 14 more towns and counties have requested airport construction aid.

PROGRESS

**toward
an ever
brighter
future for
all of us**

In the space age, as in any age, the story of progress is still the story of people. Our own community proves that! We can look at our town with justifiable pride in its advantages and opportunities, thanks to the endeavors of all to make this fine community of ours a better place to live and work. In the same spirit, we can look with hope and confidence toward a future that holds continued community growth, with greater benefit to all.

THE BEST

The best is what all of us want for Letcher County, and the best is what we have in the new Whitesburg Municipal Airport.

Unquestionably, the new airport is the best small landing field in Eastern Kentucky. But the airport is also the best in other ways:

It represents the best efforts of a large number of residents of Whitesburg, who gave liberally of their time, talents, ingenuity and money to bring the airport into being. It is the best example now in Letcher County of what a community can accomplish once its citizens make up their minds they want something and determine to work together to do everything they can to get it.

We hope the airport is only the first in a long series of "bests" to come to our county.

Meet a 1968 "youngmobile" from Oldsmobile.

Now that you've been introduced, why not get together?

Why not take the wheel of this Cutlass S—youngest of the "youngmobiles" from Olds. A new 350-CID Rocket V-8 delivers more power at lower operating cost. (And does it more smoothly and quietly, as well.) You say you prefer a Six? Olds has a 250-CID Action-Line 6, too. These are only openers. You can tailor Cutlass S to your fancy and finances. 4-speed stick to stereo to sporty pinstriping. Front disc brakes to dual

exhausts to Rally Sport Suspension. (All the new GM safety features are standard.) What it adds up to is this: If you like cars with a lot of pizzazz in the way they look—cars with a lot of moxie in the way they drive—your Oldsmobile Dealer is the man to see. They're the only kind he carries.

ELDER RAYMOND (RAY) COLLINS

REPUBLICAN
CANDIDATE

FOR STATE
SENATOR

Dear Friends:

Within a few days the election will be over. You will have made your choice as to who will be your servant in the Chambers of the State Senate for the next four years. If you do not use diligence and wisdom and YOU make the wrong selection it cannot be rectified or changed. Now is the time to know your candidates, as to their morals, honesty, integrity, personal fitness and qualifications so you may vote wisely.

From time to time, through the media of newspapers and radio and TV, I have tried as best I could to present to you my views and ideas on the issues and the problems confronting our people. I have tried to be fair to all the people, Democrats, Republicans and others, in presenting my views as to what I will endeavor to do when I am elected to the Senate of the Commonwealth of Kentucky.

By now no doubt you know what I stand for and in this final appeal, I shall not attempt to restate them. I merely want to express briefly my deepest and most sincere appreciation to the people for the courtesy and kindness you have shown me in this campaign. From the depth of my heart I thank all of you.

This has been a long and strenuous campaign, but I have enjoyed every minute of it. The warmth of your handshakes and the hospitality that you have manifested in inviting me into your homes to share with me your food, your joys and your sorrows will never be forgotten. So from Squabble Creek on the North to Marshall's Branch on the South and Deane on the East to Head of Leatherwood on the West I thank you.

I have made some promises and commitments to the people, and by the help of my God I shall carry them out. Those who commit themselves should remember the Bible, the Book of God, says: "It is better not to vow than to vow and not pay." With the help of my God I shall strive to bring into reality the things which I have advocated that will be for the betterment of the downtrodden, the humble, the meek, the poor, and THEY ARE ALL MY PEOPLE. I MEAN ALL. I will represent you ALL in such a way that you will be proud to say that is "My Brother Ray Collins."

This is my first venture in the politics of the State. I have heard it said that politics were degrading. Being an officer or in an office should just give a person the chance to show what he really is and see how much he can and will help his fellow man. I entered this race for the Senate of the State of Kentucky with clean hands and with the help of my God I shall close it in the same manner. Thousands of you have called on me for assistance when you were in trouble and I have always come. Now Brother Ray is calling on you to assist him in this race. I believe that I know what the results will be. I will serve in such a manner that no one will EVER regret voting for me. When I go to the Senate the one that has walked with me these many years will be there to GUIDE ME in every thing I may undertake. May GOD BLESS YOU ALL.

Your Humble Servant,

I would like to take this means of communicating with you and asking you to support me in the November election. As you know, I am your Democratic nominee for state representative.

I shall visit with and talk to as many of you as I possibly can before the election.

In the meantime, I would like for each of you to inquire about me—ask my neighbors and friends about me. Also, come to visit my family and me in our home located between Mayking and Thornton.

I have five daughters, four of them are in school and next year I will have all five of them in school. As you can see I have several reasons for wanting good schools and better school facilities for our county. I want better salaries and working conditions for our teachers and I will be proud to go to Frankfort and work for them. I also want real employment for our people. I want to go to Frankfort as the representative of each person in Letcher County, my county, the county where I was born and the county where I am rearing my family, the county of which I am proud.

Our county is moving forward. I want to have a part in this progress and I can think of no better way of helping my fellow man than to serve them with sincerity, honesty and integrity. This I shall do with the help of our good Lord and your support in November.

I am well qualified to serve the people of Letcher County for state representative.

I am a family man and a church member. I would like to serve the people of Letcher County with honor.

VOTE FOR PEARL STRONG
DEMOCRATIC-NOMINEE FOR STATE SENATOR
OF THE PERRY-LETCHER DISTRICT

I am the son of the Reverend Tom Strong and Dicy Fugate Strong and am married to the former Orlean Combs, daughter of Wade Combs and Nora Campbell Combs of Troublesome Creek. We have three sons and one daughter. I have worked in the coal mines, played baseball with the Jenkins Cavaliers of the Mountain States League, and served as magistrate of the 4th District in Perry County. I was last employed by the Bizak Construction Company on the new Mountain Parkway.

Having been nominated on the Democratic ticket in the primary certainly leaves me with a feeling of great appreciation. To this date, the job is only half done. On November 7th, I hope that the majority of both Democrats and Republicans will see fit to elect me to represent them in Frankfort. I do not expect to out-promise anyone, but will do my best to serve the best interests of all people of Letcher and Perry Counties.

If elected I will work for:

1. Completion of the Mountain Parkway to the Virginia line as soon as possible.
2. Encouraging industry to come to Eastern Kentucky.
3. Better schools and higher pay for teachers.
4. More jobs for the jobless.
5. Rest homes for the old age people in Perry and Letcher counties.
6. Continued protection for our homes, churches and schools.
7. Better rural roads in our district.
8. Improved medical facilities for our people.

It will be impossible for me to see everyone in my district, but I will try to visit as many as I can.

Choose a man as your Senator who will be a friend to all the people.

HENRY WARD

BURL ST. CLAIR

What will Henry Ward and Burl St. Clair do for Kentucky's Farmers?

- ★ A tax structure with safeguards against increase in property taxes.
- ★ Special efforts to develop new sources of income for the farmer and improve and expand market outlets.
- ★ Beef up the Rural Road program so that your county has more road money. Blacktop 10,000 more miles of rural roads.
- ★ Give Kentucky farmers the best backup available for production and marketing of crops and livestock. Complete the Agricultural Science complex at the University of Kentucky.
- ★ Strengthen the timber industry. A better Forestry Department at U of K and work to establish a four-year school of forestry there.
- ★ Accelerate the control of animal diseases. Complete the construction and staffing of the animal disease diagnostic laboratories.
- ★ Expand the "Chain of Lakes" program.
- ★ Support Rural Water Districts.
- ★ Provide educational opportunities for rural youths on a par equal to those in urban areas.

HENRY WARD was born on a McCracken County farm. He knows all about the problems of low profits and high operating costs. And he has strong, positive ideas about how to help farmers solve them. He promises no magic . . . he promises effort and achievement. He will build on the characteristics and traditions that made Kentucky great: a respect for law and order, honesty and fairness.

BURL ST. CLAIR has, for many years, been a leader of Kentucky's agricultural community, as well as a successful farmer in his native Grayson County. He has held every elective office in both state and local Farm Bureau organizations, including President of the Kentucky Farm Bureau Federation and 20 years on its board of directors. Burl St. Clair is widely known and respected by farmers.

Henry Ward and Burl St. Clair know farming has never been easy, and it probably will never be. But farm income will improve with Henry Ward as Governor and Burl St. Clair as Commissioner of Agriculture to fight for Kentucky's farmers.

Medical society will sponsor diabetes tests

The Letcher County Medical Society and the American Diabetes Association will sponsor Diabetes Week from November 12 to November 18, 1967, according to Dr. Emery Lane, local chairman.

The goal is to find and help as many of the 1,600,000 undetected diabetic men, women and children as possible. According to the Association, the increase in the prevalence of the disease has been nearly 95% since 1950. Early detection enables doctors to control the disease more easily, so all citizens are urged to be tested for diabetes soon.

Will you pay more and get less in your next clothes dryer?

You will... unless it's electric. Flameless dryers cost less to buy than flame-type dryers... as much as \$40 less. And that's just the beginning. Since they're flameless, you can install them anywhere with one electrical connection. There's no dirt, no by-products of combustion, no fumes. With fewer moving parts, less can go wrong. Right? Get modern clothes drying... gentler drying for

today's miracle fabrics... for an average operating cost of \$1 a month. Big value? It's America's favorite dryer, preferred by women two to one over flame-type drying. YOU can move up to electric drying at the lowest cost ever **right now**, by taking advantage of **special money saving wiring certificates** available to our customers. announces his platform for

State Representative

91st District (Letcher County)

Republican nominee

TO THE VOTERS AND CITIZENS OF LETCHER COUNTY, I wish to take this means to ask you to support my candidacy for the office of State Representative.

Aside from what little money there is in it, which may or may not defray my expenses, my reasons for seeking this office are as follows:

(1) To work to bring jobs to Letcher County: jobs that our people will be proud to hold. Jobs for our fathers and young men and women who are now having to leave in order to earn a decent living. Jobs with real wages to feed, clothe and educate our children.

(2) To see that the families living in the heads of the hollows, branches and creeks have a good road to get out to the stores and shops to do their trading and attend our schools. The man up the hollow has been neglected, he does not have the means or the desire to speed to Lexington or Louisville for his business.

(3) To streamline our tax collection laws by, among other things, stopping the practice of reading off the names of those who cannot pay their taxes, to the public in front of the Courthouse door and publishing their names in a newspaper. It is an archaic law and all it does is embarrass and shame our people, who for some reason or other, cannot pay their taxes on time.

(4) To provide a system of Workmen's Compensation Insurance, state supported if necessary, that will protect the men in the mines and other high risk jobs, where the present cost of such insurance is prohibitive.

(5) To remove any unfairness in the Workmen's Compensation Law in regard to the rights and benefits of widows whose husbands have been disabled and thereafter die.

(6) To advance the cause of education by securing for our teachers a salary for twelve months of the year, not just nine. A good teacher's job does not end when school goes out. In addition to innumerable details that must be seen to before and after a school term, there is the teacher's dignity and respect that must be maintained twelve months of the year.

(7) To insure to the tax payers of this County the greatest return possible on every tax dollar that goes to Frankfort.

(8) To provide for those who are involved in automobile accidents with uninsured motorists, a fund or system of insurance from which all claims for damages and injuries may be paid.

Your Vote and Influence will be appreciated.

Mrs. Kyle Campbell, the program chairman, gave a most interesting program on activities of the youth of the Methodist Church, possibilities for Christian growth of the youth and the goals and purposes in guidance by the church to its youth. She also mentioned the fact that the seminaries need more youth to join in their training programs. Others present for the occasion were Mrs. James Brown, Mrs. Forrest Brown, Mrs. Hobert Combs, Mrs. Ullis Hunsucker, Mrs. Cecil Webb and Mrs. Olga John who associated Mrs. Godispoli in serving refreshments after the program.

The Dorothy Reese Circle met at the church Tuesday with the president, Mrs. Billy Wayne Wright, presiding. Mrs. Dan Combs presented an interesting program on Faith and Mrs. Billy Paul Collins discussed several parables of the Bible. Miss Sarah Casey, mission worker for the Methodist Churches in this area also spoke concerning work of the churches here and how they may be improved by enlarging the program and each person doing his part. Mrs. Wright was hostess for the social hour.

Saturday afternoon Mrs. Maurice Lewis entertained friends complimenting her daughter, Sue Lewis, who was leaving for Korea where she will do Red Cross work for a year. Sue received good wishes and encouragement from all who called for her new undertaking. She graduated last year from Georgetown College. HERE IS PROOF OF WASTED

TAX MONEY

A headline in the Courier-Journal of Oct. 19, 1967, said this:

"STATE PAYROLL HITS RECORD"

According to the news story run beneath this headline, the state work force in August totaled 28,466, or 2,546 above a year ago. The total amount of salaries of state workers totaled \$12,467,592, or \$1,737,256 more than in the corresponding month of 1966.

Do you want this type of tax waste to continue? If not, vote for a new Kentucky--vote for Louie Nunn. He'll cut out this waste and start giving Kentucky taxpayers a dollar's worth for a dollar spent.

NOTICE OF BOND SALE

Sealed bids will be received by the City of Whitesburg, Kentucky, at the office of its City Clerk in the City Hall in said City until 7:00 p. m. (EST) on November 14, 1967, for the purchase at not less than par of all or any of certain designated maturities of \$90,000 of City of Whitesburg Water and Sewer Revenue Bonds, Series of 1967, dated August 1, 1967, registrable as to principal only, of the denomination of \$1,000 each, maturing in numerical order on August first in each of the respective years, 1970 through 1999, inclusive.

Said bonds will bear interest at a rate or rates averaging not greater than 4 1/8% per annum as provided herein. Interest on said Bonds will be payable semi-annually on February 1 and August 1 of each year; however, any interest coupons maturing prior to the delivery of the Bonds will be detached and cancelled prior to delivery (or same will not be printed). Bonds maturing on and after August 1, 1977, are subject to redemption on and after February 1, 1977. The exact maturity and redemption provisions are set forth in the Official Notice of Sale.

These bonds will bear the usual tax-exempt status of Municipal Bonds.

These \$90,000 of Bonds are issued for the purpose of defraying the cost (not otherwise provided) of constructing extensions, additions and improvements to the existing municipal waterworks portion of the combined and consolidated municipal waterworks and sewer systems of the City and are secured by a lien on and pledge of the gross revenues derived from said waterworks and sewer systems, subject to the vested rights and priorities in favor of certain outstanding bonds of 1948, 1955, and 1963, as set out in the Official Notice of Sale.

A Loan Agreement has been entered into by the City with the United States of America, Economic Development Administration, pursuant to which said EDA proposes to purchase, at par plus accrued interest at a 4-1/8% interest rate, any maturities of these Bonds for which no other bid complying with the terms of the Official Notice of Sale is received at an equally (or more) favorable net interest cost.

Bidders must bid for consecutive full annual maturities covering the first maturity and all maturities thereafter through at least August 1, 1977, at a price of par value plus accrued interest, in multiples of 1/8% or 1/16% with a maximum interest differential of 2%. No particular bid forms are required. The required good faith check is 1% of the Bonds bid for.

The purchaser of the Bonds will be furnished the prepared Bonds and the approving legal opinion of Rubin & Trautwein, Municipal Bond Attorneys, of Louisville, Kentucky, together with customary closing documents, including a non-litigation certificate.

Additional information, including a copy of the Official Notice of Sale and the Statement of Official Facts, may be obtained from the office of the City Clerk, City Hall, Whitesburg, Kentucky. (Signed) City of Whitesburg, Kentucky, by Doris Blair, City Clerk.

Publication of the foregoing Notice of bond Sale was duly approved by the City Council of the City of Whitesburg, Kentucky, on this 17th day of October, 1967.

AIRPORT ... (from Page 1)

The new airport didn't just happen; it took long hard work over a long period of time -- almost ten years, in fact.

The airport came into being -- as an idea, anyway -- in 1958. The site, near Colson, is a ridge of land owned by N. L. Combs. It had been strip-mined, and the Federal Aviation Agency had expressed an interest in leasing or purchasing land on the site for an Omni (radio) facility. But a map of the site prepared by Roy Crawford, Sr., for the landowner indicated that there would be enough room for both the Omni station and a runway, which could be graded from the surface of the old strip mine bench.

Taking advantage of the possibilities offered by the site, the Whitesburg City Council in May, 1959, adopted an ordinance creating an Airport Board. Its first members were James A. Frazier, Russell Price, Otis Mohn, Don Crosthwaite, William F. Conley and Dr. E. P. Clark.

Roland Price furnished funds to the Airport Board to purchase a 700-foot-wide strip 4380-feet long from Mr. Combs, and a deed to the land was signed in 1961. Over a three year period, using funds donated by several Letcher County citizens, the airport board purchased additional land from adjoining landowners, one of whom, Leonard Collins, donated several acres of his land.

For a while the Whitesburg Municipal Airport was something of a local joke. Fund-raising efforts were energetically conducted but many Letcher County citizens couldn't or wouldn't believe that the county needed an airport -- or that it would ever have one. The only approach to the site was over a tortuous old strip mine access road that turned into a mud wallow with every rain. The "runway" was still not much more than a strip mine bench, much too uneven to land planes on. The board had more than its share of troubles with land purchases, contractors who wanted to be paid for their work, and other harassments.

Nevertheless in March, 1963, construction of the VORTAC facility began on schedule and was completed in November of that year.

And October 9, 1963, became the true birthdate of Letcher County aviation history. On that day, Ed LaFontaine, director of the airport development division of the state department of aeronautics, bravely landed his Cessna on the dirt runway -- and successfully took off again a few hours later. Few people took much notice of the event, but, as the MOUNTAIN EAGLE noted in an editorial, it marked "the culmination of the expenditure of literally thousands of hours of effort and many thousands of scarce local dollars in the cause of community development by a small but capable group of local citizens who realize that Eastern Kentucky must become a part of the air age if it is ever to see a better day."

The Airport Board pushed on with its project and in 1964 succeeded in raising local funds to be matched by state and federal funds to pave the runway. The

paving job was completed in November, 1964.

(The federal and state governments, which provided the bulk of the actual cash for the airport work, permitted part of the local share to be "in-kind" contributions. Thus, South-East Coal Co. sent two bulldozers and two pans to work at the airport site for several months, and the airport was allowed to claim local credit for the use of the equipment. Other firms also provided "in-kind" aid to help raise the local share.)

Roy Crawford served as chairman of the airport board during the negotiations with the federal and state governments for funds to complete the airport. He contributed his services in much of the early engineering work on the airport, and then resigned from the board in order to avoid conflict of interest when it became necessary for him to handle the more complicated final engineering tasks.

Since then the Airport Board has concentrated on raising funds for the \$23,000 hangar. Local funds provided \$10,000, and the Kentucky Industrial Finance Authority came up with the rest. Actual construction of the building began this summer.

Sunday's ceremonies will mark not only the completion of the hangar, which makes Whitesburg Municipal Airport more than a mountaintop landing strip, but will also mark the willingness of a group of far-sighted Kentuckians to commit almost ten years of their time, labor, and funds to a project which can do as much as any other to improve the future prospects of Eastern Kentucky.

The happiest participants in Sunday's ceremonies will be the members of the Whitesburg Airport Board: Sam Collins, Jr., Archie Craft, Martin Dawahare, Bob Durham, Follace Fields, Art Pender and Russell Price. With the help of Whitesburg and Letcher County officials, many private citizens and several state and federal agencies, they have succeeded in turning a dream of ten years ago into a reality today.

Yellowjackets (from Page 1)

WHS 28 Elkhorn City 6.

Whitesburg's coach, Walter Thomas, Jr., allowed his seniors to play the second half and the players tried their hand at various positions and came up with only one touchdown -- on a one-yard drive in the third quarter. Jeff Hunsucker scored the extra point. Final score: Whitesburg 35, Elkhorn City 6.

To show Whitesburg's complete domination of this game, the Yellowjackets gained 242 yards rushing compared to Elkhorn's 15. Largely due to the TD by Powell, the Cougar gained 86 yards passing but Whitesburg still gained 119. Senior quarterback Chealis Hammonds, playing in his final game for Whitesburg, had his best game passing, completing nine of 20 for 14 yards.

The leading tackler was Jeff Hunsucker. He was followed by Sam Frazier, Bud Morton, Mike Hart, and George Adams, in that order.

Jenkins High homecoming Saturday

By: CHARLES DIXON

The Jenkins Homecoming will be Oct. 28 against the Pikeville Panthers. This year's homecoming should be the biggest and best yet. Festivities will start at 12:30 p. m., in front of the Jenkins High School. There will be several visiting bands from local schools which will add to the parade, and there will be more floats this year than previously, with all the classes building one, plus some local civic organizations. Several clubs will be represented with convertibles and pretty girls. The parade will go down Main Street to the Ashland Service, make a turn coming back through town, and up the Lake Side Drive. There will be a 10-dollar cash award to the winner of the best float, and other cash prizes will be given out by the judges. The parade will proceed to the Jenkins Athletic Field, where this year's Homecoming Queen will be crowned. Kick off time for the homecoming game will be 2 o'clock.

After the game and starting at 8 p. m., the day will be capped off

Sam Frazier, Chealis Hammonds, Jack Cox and Doyle Fields. Others include Bruce Brown, Ben Wright, Jeff Hunsucker, George Robinson, Jim Halcumb, Mike Burkich and Richard Brown.

Cox finished the season with a 33.5 punting average. Jeff Hunsucker's average kick-off sailed 40.1 yards.

by a homecoming dance until 12 midnight.

All former graduates are invited and urged to come back for this special occasion. All the activities are open for the graduates and their wives or dates. This includes the parade, game and dance.

Coaches Brush and Burton are in charge of the dance, for which there will be a really good band.

Several persons have charge of various special events during the day, including Henry Ed Wright, principal of the high school, and Mrs. Rita Wright, Mrs. Jordan, and all the teachers who are responsible for the class and club floats.

To the kind people of Letcher County:

I want to express my thanks to each and every one for being so kind and considerate to my father, Ben A. Adams, during his terms in office as county jailer.

I know this is a good and proper time to tell you folk of Letcher County how I, his daughter, feel.

It is so near election time and my father always said, "There's a time and place for everything, and the time is now, to reach all of you wonderful people of Letcher County."

I feel you need proper representation in office you the people so deserve.

My father worked hard for all, not one, but all of you. I know this for a fact because I was beside him for many of those trying times.

Honesty and humility is what my father had, and won by, as you, the people of Letcher County, know.

So in behalf of myself and all who want honest representation in an office, I wholeheartedly endorse Mr. Lewis Hall, who will give you this honesty.

I have known Mr. Hall since my childhood, and he has always treated me with respect and high regard. I know this man will always try to the best of his ability to represent you and yours in the office of County Jailer of Letcher County.

Thank you.
